A Note from your 2022 Program Chairs

We are excited to invite you to join your colleagues for a wonderful educational and career-building experience at the 2022 APA Convention in Minneapolis, MN. The 2022 SCP Program was created to offer culturally diverse and broad opportunities for learning, as well as opportunities to network with both old and new colleagues and leaders in the field.

We are pleased to have high quality symposia, workshops, and individual presentations in this year's SCP (Division 12) Program. This year's programming includes presentations related to trauma and its effects, diversity and commonality in assessment and delivery of services, use of technology in clinical practice, development of ethnocultural sensitive scientific practices, and issues related to students and early-career clinicians. In particular, we hope you will join us and benefit from our Presidential Address by Dr. Kalyani Gopal and keynotes by our invited speakers. We are honored to have Dr. Debra Kawahara and Dr. Thema Bryant.

We look forward to seeing you in August!

Your 2022 Program Chairs Dr. Fahad Khan and Assistant Chair Marc Chaney, MA

Welcome to the 130th APA Annual Convention

APA 2022

Welcome to the 130th APA Annual Convention in Minneapolis, Minnesota! This year's theme for SCP is focused on addressing competencies for clinical psychologists within the lens of trauma, intersectionality, and social justice issues.

SCP is very proud of our Program Chair, Dr Fahad Khan and co-chair, Marc Chaney, MA who have put together a fabulous program which lends itself to open dialogues, difficult conversations, and critical discussions in our field. We hope to raise the bar on clinical and research expertise and impartation of knowledge. Education happens not only within the university and therapeutic settings, but at a much larger community setting to which we all belong. Our Program Chairs have superbly handled the myriad of challenges of tasks during this COVID-19 year and shown how programming can be very successfully executed with aplomb and flair! Thank you, Dr Khan and Marc!! We are immensely grateful for your time, generous level of accessibility, and commitment to SCP.

SCP is fortunate to have many luminaries and innovators as members of our Division. Therefore, there are many incredible presentations, keynote addresses, invited addresses, and events occurring during the 2022 Convention. Beginning with the Pre-Convention Workshop by the highly acclaimed Dr Lenore Walker (and myself), we open the SCP programming with "Addressing Social Justice Issues as Clinical Psychologists: Advances in Assessment and Treatment" during which we will tackle the importance of clinical assessment of the twin crimes of gender-based violence namely, domestic violence and human trafficking. Keynote addresses are being given by two powerful speakers and members of SCP; Dr Thema Bryant and Dr Debra Kawahara. We are excited about our future APA President (2023) Dr Thema Bryant who will speak on: "The State of Clinical Psychology: Trauma-Informed Liberation-Oriented Care." and Dr. Debra Kawahara, APA Board of Directors MAL, speaking on: A Call to Action: Future Directions of Clinical Psychology" where she speaks to us about clinical psychologists addressing real world problems. Both speakers will speak to our future as clinical psychologists. These exciting keynotes are a tantalizing sample of what is to come for the week. Presenters will be addressing cultural competencies for working with Black Youth, suicide assessment digital assessments, therapeutic considerations in working with minority religious populations, dealing with discrimination, and especially for our graduate students and ECPs, internships and training in competencies. Also, for ECPs and graduate students, we will again have our annual Speed Mentoring Event.

Perhaps the best part of attending APA is the opportunity to network with like-minded psychologists, engage in career building and developing relationships. Don't miss our exciting social events this year especially our Awards ceremony and social hour in our very large Division Suite at the Hilton Minneapolis Hotel! We are proud of this year's stellar Awardees. I will be delivering the Presidential Address, speaking on clinical psychologists within the global arena. On behalf the Board of SCP and our wonderful Executive Director, Tara Craighead, I look forward to engaging with you at APA!

Warmest regards,
Kalyani Gopal, PhD, HSPP, President, 2022, SCP, APA

About SCP

With more than 3,000 full time members and 500 student members, The Society of Clinical Psychology is one of The American Psychological Association's largest divisions, representing the science and profession of clinical psychology to the APA and the public.

APA 2022

Membership Benefits

PUBLICATIONS

- The Society's Newsletter: The Clinical Psychologist
- Journal: Clinical Psychology: Science and Practice.

CONTACTS AND NETWORKING

Members network with more than 4,000 colleagues to advance clinical psychology as a science and profession and may list their practice in the Society's directory.

AWARDS

Eight annual awards includes:
4 Senior Awards, 1 Mid-Career Award, and 4 Student Awards.

MENTORSHIP PROGRAM

Mutual benefits are cultivated when members with common areas of interest are matched. Members are paired across all professional levels and encouraged to participate at any point in the lifespan.

FELLOW

The Society encourages members who have made significant contributions to apply for election to APA Fellow Status.

CE SEMINARS

The Society offers a variety of Continuing Education opportunities.

APA CONVENTION PROGRAMS

The Society sponsors excellent continuing education workshops prior to and during the APA Convention, as well as hosting the Award Ceremony and Social Hours.

LISTSERV - The Division 12 Listserv provides opportunities for members to communicate with each other regarding issues in clinical psychology, as well as share job and training announcements.

Sections

Members are encouraged to join one or more of the eight sections that reflect the Society's diversity.

To apply, visit www.div12.org

Society of Clinical Geropsychology

Society of a Science of Clinical Psychology

Section on Clinical Psychology of Women

Clinical Psychology of Ethnic Minorities

Section on Clinical Emergencies & Crises

Associations of Psychologists in Academic Health Centers

Section on Assessment Psychology

Graduate Students and Early-Career Psychologists

Registering for Convention

APA 2022

If you haven't already done so, you can register for both
APA Convention and for your Hotel:

[REGISTER HERE](#)

APA negotiated the best room rates for hotels near the Minneapolis Convention Center.
Special rates are only guaranteed from April 26 through early July.

Not booking your stay through the official APA hotel reservation tool in the APA 2022 registration system impacts APA both directly, through attrition fees charged for unused pre-contracted rooms, and indirectly through the loss of negotiation leverage for meeting space, dates, and better room rates for attendees in subsequent years.

SCP

Program Details - Thursday

Thursday, August, 4

9:00am-9:50am

Session Type: Invited Address

Speaker: Thema S. Bryant, PhD

Session Description: This presentation will highlight the mental health consequences of trauma with special attention to COVID-19 and the trauma of oppression. Ways of countering burnout and vicarious trauma for practitioners will be discussed.

Thursday, August, 4

11:00am-11:50am

Session Type: Poster Session

Thursday, August, 4

11:00am-11:50am

Session Type: Symposium 2.0

Session Title: Trauma Processing Using Culturally Responsive Modalities for Black Youth

Speaker(s): Xuan Stevens, PhD, MA; Aaron M Porte, MA

Session Description: This presentation elucidates the significance of advocating for a population of Black youth by developing a cultural trauma intervention model for youth who incur the deleterious, disproportional effects of racism that compounds its negative effects.

Thursday, August, 4

1:00pm-2:50pm

Session Type: Symposium 2.0

Session Title: Believing and Belonging as a Muslim Minority: Implications for Mental Health Care and Practice

Speaker(s): Rania Awaad, MD; Salwa Barhumi, EdD; Kamal Suleiman; Huma Manjra; Shahd Fulath Khan, BS

Session Description: Everyone needs to belong. But what if who you are threatens that need? We explore the diversities and commonalities in Muslims' (Muslim students, healthcare workers, Black Muslims, and Uyghur refugees) mental health experiences, needs, and strengths.

SCP

Program Details - Thurs. cont.

Thursday, August, 4

3:00pm-4:50pm

Session Type: Symposium 2.0

Session Title: Navigating the Waters of Workers' Compensation and Disability Insurance: A Primer for Psychologists

Speaker(s): Miranda Kofeldt, PhD; Michael Lacroix, PhD; Les Kertay, PhD; Katie Connell, PhD

Session Description: Learn about working with disability & workers' comp insurances to increase access to psychological services for those with injuries or impairments that negatively impact quality of life and self-efficacy by interfering with daily & work functioning.

SCP

Program Details - Friday

Friday, August, 5

9:00am-9:50am

Session Type: Invited Address

Speaker: Debra M. Kawahara, PhD

Session Description: This keynote will focus on areas that clinical psychology can have a significant impact on human rights and wellbeing and providing solutions through psychological science and practice.

Friday, August, 5

10:00am-10:50am

Session Type: Symposium 2.0

Session Title: Etiology of Discrimination: Working Towards Prevention Rather than Pathology

Speaker(s): Rabiatu Barrie, PhD; Sahar Al-Najjar, MA

Session Description: We are exploring how MENA (Middle Eastern/North African) adults conceptualize the quality care in mental health systems. Our study utilized a sample of 10 adults who identified as Middle Eastern or North African and are currently living in the U.S.

Friday, August, 5

11:00am-11:50am

Session Type: Poster Session

Friday, August, 5

3:00pm-3:50pm

Session Type: Business Meeting

Session Title: M. Powell Lawton Award Presentation, Address by Thomas Hadjistavropolous, PhD, ABPP

Session Description: Pain in people with limited ability to communicate due to dementia is common but often undertreated. Developments in observational approaches to pain assessment and solutions for overcoming gaps in clinician continuing education will be reviewed.

SCP

Program Details - Fri. cont.

Friday, August, 5

3:00pm-3:50pm

Session Type: Critical Conversations

Session Title: Role of Digital Therapeutics in Stepped Care Model of Mental Health

Speaker(s): Jessica Flannery, PhD; Laura Garcia, PhD; Chloe Nicksicsigmon, PhD; Leslie Roos, PhD

Session Description: This critical conversations will discuss the role of digital therapeutics in the future of stepped care models. It will specifically emphasize areas to improve as well as common misconceptions of digital therapeutics.

Friday, August, 5

4:00pm-4:50pm

Session Type: Presidential Address

Session Title: Presidential Address by Kalyani Gopal, PhD

Session Description: The focus is to view clinical psychologists as global citizens addressing patient care and academic training within the lens of the theoretical framework of intersectional relationships over one's lifespan and genetic load.

Friday, August 5

5:00pm-5:50pm

Session Type: Symposium 2.0

Session Title: Distinguished Contributions to Assessment Psychology Award 2022 - Paul Arbisi

Session Description: The assessment section of Division 12 honors an awardee who has made notable lifetime contributions to the field. Join us to hear from this year's awardee about their work, its impact, and future directions for the field of assessment psychology.

Friday, August 5

5:00pm-5:50pm

Session Type: Critical Conversations

Session Title: How to Master the Internship Application Process

Speaker(s): Shifali Singh, PhD; Jill Morris, PhD; Laura Grande, PhD; Shona Vas, PhD

Lauren Bradley, PhD

Session Description: In this symposium, an expert panel of presenters will offer an insider's view of the internship application process and provide strategies for how to find and successfully apply to internships that meet the applicant's goals.

SCP

Program Details - Saturday

Saturday, August, 6

8:00am-9:50am

Session Type: Symposium 2.0

Session Title: Digital Healthcare: Effective eHealth Applications for Aggressive Behavior and Substance Abuse

Speaker(s): Celeste Sangiorgio, PhD, MA Caroline Easton, PhD; Cassandra Berbary, PhD; Cory Crane, PhD

Session Description: This symposium presents findings on overall effectiveness for eHealth interventions that target aggressive behaviors among adults and adolescents and reviews ongoing digital treatments for aggressive behavior and substance abuse.

Saturday, August, 6

9:00am-9:50am

Session Type: Critical Conversations

Session Title: Am I Making More Of It Than I Should? Responding to Sexual Harassment and Gender Bias in Academic Medicine

Speaker(s): Elizabeth Cash, PhD; Susan H McDaniel, PhD

Session Description: Session will focus on the many changes (and lack thereof) brought on by the influx of women physicians and psychologists in AHCs. I will describe a recent study of sexual harassment and gender bias in our own Family Medicine department.

Saturday, August, 6

1:00pm-1:50pm

Session Type: Symposium 2.0

Session Title: Evidence-Based Psychodynamic Suicide Assessment

Speaker(s): Michael Prazak, PhD; Rachel Bacigalupi, MS

Session Description: Improvement of suicide assessment and treatment is a vital need. Psychodynamic research permits identifying and integrating typically-excluded but relevant suicide factors and theory, increasing effectiveness and decreasing liability and loss.

SCP

Program Details

Saturday, August, 6

3:00pm-3:50pm

Session Type: Symposium 2.0

Session Title: The Atheist Experience: How to be a Competent Therapist for the Questioning and Non-Believer

Speaker(s): Scott McDonald, PhD; Michael Vriesman, MS

Session Description: The purpose of this session is to provide psychologists the information and tools needed to competently work with atheists.

Saturday, August, 6

4:00pm-4:50pm

Session Type: Symposium 2.0

Session Title: The State of Suicide and Violence Risk Assessment Training in APA-Accredited Internships

Speaker(s): Thema Bryant, PhD

Session Description: As suicide and violence are clinical emergencies that clinicians may encounter when providing mental health services, training in risk assessment is critical for the provision of skilled treatment. Findings from a national survey will be discussed.

*** Please note that more information on the Speed Mentoring Event, Hospitality Suite Events and locations for all events will be coming soon.*

SCP Pre-Convention Workshop

APA
2022

AUGUST 4-6

"Addressing Social Justice Issues as Clinical Psychologists: Advances in Assessment and Treatment"

Friday, August 5

8:00 - 11:50 AM

CE Credits: 4

Introductory

[Enroll Here](#)

Description:

Dr. Lenore Walker and Dr. Kalyani Gopal are the workshop presenters. The focus of this intensive workshop is to examine human trafficking and domestic violence within the lens of social justice and human rights. The intersectionality of ethnicity, color, gender-based violence, traumatogenic factors, poverty, ACEs, culture and the development of effective assessment and interventions will be addressed with case examples. During this workshop, participants will acquire culturally sensitive clinical skills regarding identification, assessment, and treatment of human trafficking and domestic violence.

LEARNING OBJECTIVES

1. Demonstrate how to conduct an initial culturally sensitive assessment of potential victims of domestic violence in clinical settings.
 2. Identify and describe three characteristics of victims of human trafficking.
 3. Describe two skills useful in treating victims of human trafficking.
 4. Prepare culturally sensitive treatment plans for trauma symptoms observed in domestic violence survivors.

- Hogrefe Book Series Raffle and Books on Display

Member Categories

APA
2022

AUGUST 4-6

FULL MEMBERS have a demonstrated interest and active engagement in practice, research, teaching, administration, and/or study in the field of Clinical Psychology with training appropriate to the conduct of such clinical activities. They must also be full members of the APA. Full members may vote on any Division 12 nominations ballot. Membership also includes subscription to the journal, *Clinical Psychology: Science and Practice*

EARLY CAREER PSYCHOLOGIST (ECP) MEMBERS are early-career psychologists in The first four years after postdoctoral study who will learn more about activities and issues of interest to clinical psychologists, including reviewing for journals, mentoring, and much more. Membership includes online subscriptions to the Division 12 journal and newsletter. ECP members may attend the Society's meetings and participate in APA Convention events geared to early-career psychologists. They may also join the Division 12 Listserv, exclusively for Society members.

AFFILIATE MEMBERS are those who may or may not be members of APA and may not have received a clinical degree but who have demonstrated interest in and active engagement in practice, research, teaching, administration, and/or study in the field of clinical psychology. Affiliate members have no vote on Division 12 nomination ballots. Affiliate Membership is \$63 per year.

STUDENT MEMBERS are undergraduate, graduate, and postdoctoral students who will learn more about activities and issues of interest to clinical psychologists. Membership benefits include: affirming your future identity as a clinical psychologist, advocacy for the integration of science and practice, opportunities for networking and involvement in a professional society, as well as the mentorship and student awards programs, and electronic access to the journal, *Psychology: Science and Practice* Student members may attend the Society's meetings, without vote, and participate in APA Convention events geared to clinical psychology graduate students. They may also join the Division 12 Listserv, geared to clinical psychology graduate students. They may also join the Division 12 Listserv, exclusively for Society members.

PLEASE NOTE: APA Early Career Psychologist (ECP) and student memberships are separate from the Society's. While APA membership is recommended, the Society does not require student or ECP members to be APA members. For APA membership information, contact the APA Office in Washington, D.C., at (800) 374-2721.

MEMBERSHIP DETAILS

Membership is based on the calendar year, but applications can be submitted at any time. If your application is for the current year, your membership will be dated January 1 of this year. For applications received after August 1, membership will begin January 1 of next year.
